# Firefighters Scared Straight

*Not Everyone Goes Home*

**Wednesday, March 14th**

**7:00 p.m.**

**Penfield HS - Auditorium**

*~ Free of charge ~*

**Chief Billy Goldfeder** will present to the attendees, through incredible video, audio, slides and "WAKE UP" lecture, an in-depth review of specific fireground events and most specifically, the LESSONS LEARNED so that these incidents (and those involved) don't ever become forgotten. Attended by thousands of firefighters and fire officers since 2000, this high energy class provides the attendees an excellent opportunity to apply the LESSONS LEARNED to their own departments when returning home...potentially avoiding "history tragically repeating itself".

The goal of the program is to have Firefighters, Officers and Elected Officials leave more knowledgeable, educated and informed but most importantly thinking HARD about their role and the department's responsibility in STRUCTURAL FIRE-FIGHTING! The subject matter all relates to STRUCTURAL FIREFIGHTING and their "lessons learned".
